

INSTRUCTION SHEET

STRUCTURAL ENGINEER

- Examination--Structural Engineer Intern
- Examination--Structural Engineer
- Endorsement of License
- Restoration

NOTE: Illinois issues separate licenses for professional engineer and structural engineer pursuant to the respective Acts governing the regulation of each in the State of Illinois. A separate application, supporting documents, and fee are required for each profession, as well as the passage of separate and distinct examinations, before licensure may be granted. **DO NOT USE THIS APPLICATION TO APPLY FOR A PROFESSIONAL ENGINEER LICENSE.**

An individual licensed as a professional engineer is not permitted to practice structural engineering in the State of Illinois unless licensed as a structural engineer. An individual licensed as a structural engineer is not permitted to practice professional engineering in Illinois unless licensed as a professional engineer.

BEFORE COMPLETING THE APPLICATION PACKAGE, read and then follow the directions as they apply to you. This will aid you in accurately completing your application and thus, eliminate any delay in processing. **THE APPLICATION WHICH YOU SUBMIT IS VALID FOR THREE YEARS FROM DATE OF RECEIPT.** If you are issued a license, please be advised your license will expire on November 30 of each even-numbered year.

All applicants must complete the 4-page Application for Licensure/Examination and submit it with the supporting documents required by the method under which application is being made. You may apply for licensure under one of the following application methods: Examination, Endorsement of License, or Restoration.

***In order for your application to be processed,
ALL REQUIRED SUPPORTING DOCUMENTATION MUST BE SUBMITTED
with the application and required fee unless otherwise directed in the instructions.***

FIRM REGISTRATION REQUIRED

Any corporation, professional service corporation, partnership, limited liability partnership, or limited liability company, which includes in its stated purposes, practice or **holds itself out as available to practice structural engineering is required by Illinois statute to register with the Department as a Professional Design Firm.** Authority to transact business in Illinois **must** be obtained from the Illinois Secretary of State's office **prior** to registering with the Department.

Any sole proprietorship owned by an Illinois licensed structural engineer and conducting business under an assumed name (a name other than the real name of the sole proprietor) shall register as a Professional Design Firm. A separate application and fee is required. Any general partnership which includes in its stated purpose, practice, or holds itself available to practice structural engineering shall register as a Professional Design Firm.

Additional application forms can be downloaded from the IDFPR Web site at www.idfpr.com.

Need Assistance

If assistance is needed, direct your request to the following telephone number:

Please allow 3 weeks from mailing your application before making an inquiry concerning its status.

Application for Licensure/Examination

Complete the four-page Application for Licensure/Examination as follows:

1. Part I-A, Application Category Information--Select method of application and complete Part I as indicated below:

1. Profession Name	2. Profession Code	3. Licensure Method	4. Fee
Structural Engineer Intern	082	Examination	\$50*
Structural Engineer	081	Examination	\$100*
Structural Engineer	081	Endorsement of License	\$100
Structural Engineer	081	Restoration	**

*See attached Reference Sheet A for filing deadline.

See Supporting Document **RS for fee amount.

2. Part I-B--Check the box indicating the appropriate information regarding your application.
 3. Part II, Applicant Identifying Information--Enter all applicable information requested. You **must** include your social security number in box 3.
 4. Part III, Education Information
 - a. Numbers 1 through 5--Enter all applicable information requested.
 - b. Number 6--Indicate all post secondary education which you have attended since graduation from high school. Please indicate beginning and ending dates by year.
 5. Part IV, Record of Licensure Information--Indicate in this area whether or not you have ever held a license as a Structural Engineer or a related license.
 6. Part V, Record of Examination--If you have ever written the Structural Engineer Examination or other licensing examination in Illinois or any other jurisdiction, indicate this in Part V (page three) of the application.
 7. Part VI, Personal History Instructions--**Must** be completed by all applicants.
-
-

8. Part VII, Examination Coding Information--**DO NOT COMPLETE PART VII** (page four) of the **Application for Licensure and/or Examination**.
9. Part VIII, Child Support and/or Student Loan Information--**Must** be completed by all applicants.
10. Part IX, Certifying Statement--Read the certifying statement and then **sign** and **date** your application.

Having completed the 4 page application, you must now follow the instructions for the licensure method under which you are applying to determine the supporting documentation to submit.

EXAMINATION

NOTE: Effective April 2004, administration of the Structural II examination changed from a two-part (a.m. and p.m.) format to a one-part, 8-hour format.

An application and application fee is valid for 3 years. If you are applying to retake an examination, **DO NOT** submit a new application to the Department **unless your application has expired**; contact Continental Testing Services, Inc. at 708-354-9911 for procedures to follow. If your application expired, you are required to submit all documents listed below and satisfy the requirements in force at the time of reapplication.

The application for examination is a dual application process. Applicant must satisfy education and experience requirements **PRIOR** to review by the Board. Your application for examination will be evaluated by the Illinois Structural Engineering Board to determine your eligibility for examination. Once your application has been evaluated, the Department will notify you of the results of the evaluation. If appropriate, an examination form and further instructions will be provided.

***In order for your application to be processed,
ALL REQUIRED SUPPORTING DOCUMENTATION MUST BE SUBMITTED
with the application and required fee unless otherwise directed in the instructions.***

STRUCTURAL ENGINEER INTERN

Send Application to:

To qualify for the examination for enrollment as a structural engineer intern, you must satisfy the education and experience requirements **PRIOR** to review by the Board. You must submit the documents listed below.

1. Properly completed 4-page **Application for Licensure/Examination**. (See page 2.)
2. Official original transcripts from EACH college or university attended with school seal affixed. Transcript must include coursework completed. An abbreviated transcript is not acceptable.
 - a. If you are a graduate with a baccalaureate degree from an **APPROVED** structural engineering curriculum, submit official transcripts from **each** college or university attended. The transcript must identify the courses completed for your baccalaureate degree and have the school seal affixed. An approved structural engineering curriculum shall include a minimum of 18 semester hours or 27 quarter hours of structural design and analysis coursework, of which 9 semester hours are required in structural design. Submit official transcripts for any graduate courses completed.

**Examination - Structural Engineer
Intern (cont'd)**

- b. If you are a graduate with a 4-year baccalaureate degree in a related science, submit official transcripts from **each** college or university attended. The transcript must identify the courses completed for your baccalaureate degree and **have school seal affixed**. Submit official transcripts for any graduate courses completed. (A minimum of 4 years of experience is required.)
- c. If you are a foreign-educated graduate, the following documents must accompany your application:

- (1) A course by course evaluation report of your foreign engineering degree prepared by **either the NCEES Credentials Evaluation or Engineering Credentials Evaluation International (ECEI)**, a division of the Accreditation Board for Engineering and Technology (ABET), or an evaluation of a nonengineering degree prepared by the American Association of Collegiate Registrars and Admissions Officers (AACRAO).

The application for the evaluation of an engineering degree may be obtained on-line at www.ncees.org. Click on the Credentials Evaluation link. ECEI no longer accepts applications for evaluation; however, if you have already had an ECEI evaluation, you may contact them to request a duplicate to be sent to this Department. You may contact them by mail:

**Examination - Structural
Engineer Intern (cont'd)**

In order to determine countries whose first language is English, the applicant shall submit verification from the college or university that the engineering program from which the applicant graduated was taught in English.

- (3) Official transcripts, with school seal affixed, for any undergraduate or graduate coursework completed in the United States.
3. Supporting Document **VE-SEG** must be completed to provide verification of your employment/experience. A separate VE-SEG form must be submitted for each employer. This document must be completed by your supervisor/employer and returned directly to you in a sealed envelope to be submitted with your application.

Applicants who hold a 4-year degree in a related science must submit verification of a minimum of **four years** of structural engineering experience. The experience must have been acquired in the employ of or direct supervision of a **licensed structural engineer, or a licensed engineer** legally practicing structural engineering. Prior to July 24, 2002, the experience must have been acquired in the employ of or direct supervision of a **U.S. licensed engineer** legally practicing structural engineering. The experience must be subsequent to conferral of the baccalaureate degree.

One year experience credit may be given for completion of an approved cooperative education program. An official transcript which reflects one calendar year of co-op **AND** all experience must be verified by the supervising engineer on Supporting Document **VE-SEG**.

One year experience credit may be given for completion of graduate study resulting in a master's or doctor's degree in structural engineering if the course work is not required to satisfy the minimal educational requirements. Official transcripts must be submitted.

4. Fee in the form of a check or money order made payable to the Illinois Department of Financial and Professional Regulation. Fee amount is indicated on Reference Sheet A. **Application will not be processed if fee is not submitted.**

4. Supporting Document **CT-SEG**.

This document is required if you hold a certificate of enrollment as an Engineer Intern or registration as a Structural Engineer or Professional Engineer in another state(s) or territory(ies) of the United States. The supporting document must be completed by the jurisdiction of original licensure and the jurisdiction of current licensure where you predominately practice. You are authorized to photocopy this document if necessary. You must direct the licensing agency/board to return the completed document to you in a sealed envelope to be submitted with your application.

NOTE: a. If examinations were passed in different states, verification (**CT-SEG**) from EACH state is required.

- b. If an examination was passed in Illinois, you must indicate this in **Part IV** (page three) of the Application for Licensure and/or Examination for it to be considered. Supporting document **CT-SEG** from Illinois is not required.

5. Fee in the form of a check or money order made payable to the Illinois Department of Financial and Professional Regulation. Fee payment amount is indicated on Reference Sheet A. **Application will not be processed if fee is not submitted.**

In order to determine countries whose first language is English, the applicant shall submit verification that the engineering program is taught in English.

- (3) Official transcripts for all undergraduate and graduate coursework completed in the United States.
3. Properly completed Supporting Document **VE-SEG**.
This form must be completed to provide verification of your employment/experience. One form is required from EACH professional supervisor. Since only one form is enclosed for this purpose, you are authorized to photocopy the number of forms needed to appropriately verify your work experience. The form(s) must be completed by the supervising engineer(s)

and returned to you in a sealed envelope to be submitted with your application.

The experience must have been acquired in the employ of or direct supervision of a **licensed structural engineer or a licensed engineer** legally practicing structural engineering. Prior to July 24, 2002, the experience must have been acquired in the employ of or direct supervision of a **U.S. licensed engineer** legally practicing structural engineering.

One year experience credit may be given for completion of an approved cooperative program. An official transcript which reflects one calendar year of co-op and all experience must be verified by the supervising engineer on Supporting Document **VE-SEG**.

Credit for one year of experience shall be given for completion of graduate study resulting in a master's or doctor's degree in structural engineering if the coursework is not required to satisfy minimal educational requirements. Submit official transcripts for all graduate coursework completed.

4. Supporting Document **CT-SEG**.

This document is required if you hold a certificate of enrollment as an Engineer Intern or registration as a Structural Engineer or Professional Engineer in another state(s) or territory(ies) of the United States. The supporting document must be completed by the jurisdiction of original licensure and the jurisdiction of current licensure where you predominately practice. You are authorized to photocopy this document if necessary. You must direct the licensing agency/board to return the completed document to you in a sealed envelope to be submitted with your application.

NOTE: a. **If examinations were passed in different states, verification (CT-SEG) from each state is required.**

b. If an examination was passed in Illinois, supporting document **CT-SEG** from Illinois is not required for that examination. You must indicate the examination was passed in Illinois in Part V - Record of Examination on the application.

5. An endorsement applicant shall meet the requirements for seismic design set forth in Section 1480.175 of the Rules for the Administration of the Structural Engineering Licensing Act.
6. If you have NCEES Certification, you may, at your expense, request NCEES to transmit your file to this Department. If you are a foreign-educated graduate and the file does not contain TOEFL and TSE and a CPEES evaluation, you must submit that in addition. You **must**, however, submit the 4-page application, **Supporting Document VE-SEG** and the appropriate fee.
7. Fee in the form of a check or money order made payable to the Department of Financial and Professional Regulation. Fee payment amount is indicated on Reference Sheet-Nonexamination. **Application will not be processed if fee is not submitted.**

RESTORATION

***In order for your application to be processed,
ALL REQUIRED SUPPORTING DOCUMENTATION MUST BE SUBMITTED

To restore your expired Illinois Structural Engineer license, which has been EXPIRED or INACTIVE for more than 5 years, you must submit the application, supporting documents and fee as listed below. Based on the Illinois Structural Engineering Board's evaluation of your application, you may be required to submit additional documentation and/or appear for an oral interview before the Board to determine your current competency to resume active practice as a Structural Engineer.

1. Properly completed 4-page Application for Licensure/Examination.
2. Properly completed Supporting Document **RS**. The fee payment amount is indicated in the Official Use Only box located on this form. (If this form was not included in the application packet, you must obtain one by contacting the Department of Financial and Professional Regulation at 217-782-8556.)
3. Supporting Document **CT-SEG**.

This document must be completed by the jurisdiction where you have most recently been practicing if other than Illinois. You must direct the licensing agency/board to return the completed document to you in a sealed envelope to be submitted with your application.
4. A restoration applicant shall meet the requirements for seismic design set forth in Section 1480.175 of the Rules for the Administration of the Structural Engineering Practice Act.
5. Proof of 30 hours of continuing education completed in accordance with Section 1480.185 of the Rules for the Administration of the Structural Engineering Practice Act within two years prior to application.
6. Evidence of continued competency in structural engineering:
 - i) Supporting Document **VE-SEG**. This document must show proof of employment in a responsible capacity by a licensed structural engineer for at least the last 2 years;
 - ii) Passage of Structural II examination within 5 years;
 - iii) Teaching structural engineering courses;
 - iv) Legal practice of structural engineering as an employee of a governmental agency; OR
 - v) Attendance at educational programs in structural engineering.
7. If restoring after active military service, submit copy of DD214.
8. Fee in the form of a check or money order made payable to the Department of Financial and Professional Regulation. Fee amount is indicated in the Official Use Only Box of Supporting Document RS. **Application will not be processed if fee is not submitted.**

ALL FEES ARE NONREFUNDABLE

Department reserves the right to change fees if prevailing circumstances necessitate such action.

CHART I - PROFESSION NAME, PROFESSION CODE, LICENSURE METHOD & FEE

This chart contains fee information for examination only. If you require the application fee for licensure by endorsement of a license issued in another jurisdiction, contact the Department.

<u>PROFESSION NAME</u>	<u>PROFESSION CODE</u>	<u>LICENSURE METHOD</u>	<u>APPLICATION FEE</u>
Structural Engineer Intern	082	Examination	\$ 50.00
Structural Engineer	081	Examination	\$100.00

An application submitted without the application fee will be returned for resubmission with the appropriate fee.

CHART II - EXAMINATION CODES AND FEES

NOTE: SINCE THE APPLICATION FOR EXAMINATION IS A DUAL APPLICATION PROCESS, THIS INFORMATION WILL ONLY BE PROVIDED UPON APPROVAL OF YOUR APPLICATION FOR EXAMINATION. ONCE THE APPLICATION HAS BEEN APPROVED, AN EXAMINATION PACKAGE WILL BE FORWARDED TO YOU. AN EXAMINATION FEE WILL BE REQUIRED WHEN REGISTERING FOR AN EXAMINATION.

CHART III - EXAMINATION DATES AND FILING DEADLINES

The Fundamentals of Engineering, Structural I and Structural II examinations are administered twice a year in April and October. The filing deadlines to apply to the Department for approval to take the examinations are:

November 15 for the April examination
May 15 for the October examination

<u>PROFESSION</u>	<u>EXAMINATION DATES</u>	<u>FILING DEADLINES</u>

THE DEFINITION OF STRUCTURAL ENGINEERING AS DEFINED BY THE ILL. REV. STATE. 1985, CH. 111, PAR. 6605:

Section 5. A person shall be regarded as practicing structural engineering within the meaning of this Act who is engaged in the designing or supervising of the construction, enlargement or alteration of structures, or any part thereof, for others, to be constructed by persons other than himself. Structures within the meaning of this Act are all structures, having as essential features, foundations, columns, girders, trusses, arches and beams, with or without other parts, and in which safe design and construction require that loads and stresses must be computed and the size and strength of parts determined by mathematical calculations based upon scientific principles and engineering data. A person shall also be regarded as practicing structural engineering within the meaning of this Act who is engaged as a principal in the designing and supervision of the construction of structures or of the structural part of edifices designed solely for the generation of electricity; or for the hoisting, cleaning, sizing or storing of coal, cement, sand, grain, gravel or similar materials; elevators; manufacturing plants; docks; bridges; blast furnaces; rolling mills; gas producers and reservoirs; smelters; dams; reservoirs; waterworks; sanitary works as applied to the purification of water; plants for waste and sewage disposal; round houses for locomotives; railroad shops; pumping or power stations for drainage districts; or power houses, even though such structures may come within the definition of "buildings" as defined in any Act in force in this State relating to the regulation of the practice of architecture.
