

Illinois Department of Financial & Professional Regulation

Responsive. Innovative. Transparent. Efficient.

Division of Professional Regulation: *Design Unit*

The Design Unit of the Division of Professional Regulation is responsible for maintaining the public health, safety, and welfare and to be subject to regulation and control in the public interest. Each Profession is governed by its respective Act that merits the confidence of the public, and that only qualified persons shall be authorized to engage in the practice of that profession in the State of Illinois.

The Design Unit oversees the Licensing and Registration for:

- ◆ Architecture
- ◆ Professional Land Surveying
- ◆ Professional Engineering
- ◆ Structural Engineering
- ◆ Professional Design Firm

Did you know?

Illinois licenses Professional Engineers and Structural Engineers separately. There is no overlap of licensure. Each profession has separate and distinct requirements for education, examination and experience.

A Professional Engineer in Illinois cannot offer or perform any Structural Engineering services and a Structural Engineer can only offer Structural Engineering services.

About: the Illinois Department of Financial & Professional Regulation

Responsive. Innovative. Transparent. Efficient.

Department Mission:

The Illinois Department of Financial and Professional Regulation's mission is to utilize **responsive, innovative, transparent, and efficient** (R.I.T.E.) governance to create an ideal regulatory environment that (1) **allows economic growth to flourish**, and (2) **effectively optimizes consumer choice**.

Strategic Vision:

The IDFPR believes more can be done to ensure a faster, smarter and more accountable government — government that takes initiative to unite effective regulatory policy with exceptional service delivery.

Uniting effective regulatory policy and exceptional service delivery allows the IDFPR to accomplish its primary objective as a regulator: mitigating the effects of negative market externalities.

Effective management and consistent regulatory balance will benefit all Illinois citizens, making Illinois an ideal place to live and conduct business.

By setting a clear strategic vision, the IDFPR will be better equipped to continuously track progress, and engage both its employees and customers in building a safe, accessible, and prosperous Illinois.

Director of the Division of Professional Regulation: **Jessica A. Baer**

Governor Bruce Rauner appointed Jessica Baer as Director of Professional Regulation in September of 2016. Since March 2015, Ms. Baer has served as General Counsel of IDFPR, overseeing the entire legal department for the agency - providing input on a number of topics including pending litigation, labor issues, and legislation.

The Division of Professional Regulation licenses and regulates over 1 million professionals and firms in Illinois including a variety of healthcare related professions such as doctors, nurses, and veterinarian, as well as a variety of occupational professions such as CPAs, barbers, engineers, and detectives.
