IDFPR COVID-19 Temporary Permit and Temporary Reinstatement FAQs

Q. What led IDFPR to issue COVID-19 Temporary Permits?

A. Since the beginning of the COVID-19 pandemic, the Illinois Department of Financial and Professional Regulation (“IDFPR”), pursuant to various Executive Orders by Governor JB Pritzker, implemented three initiatives to increase the number of healthcare workers in Illinois. These initiatives are dependent on the COVID-19 disaster proclamation and certain executive orders:

- (1) the temporary reinstatement of physicians, nurses, respiratory healthcare workers, physician assistants, and mental health professionals who were once fully licensed in Illinois;
- (2) issuing temporary COVID-19 permits to certain health care workers who have an active, unencumbered license in another state; and
- (3) issuing temporary authorization to International Medical Graduates (“IMG”) who possess a medical license in a foreign country.
