

HOW APPLICATION BY ENDORSEMENT WORKS

If you are a *Certified Residential* or a *Certified General* real estate appraiser from another jurisdiction, you *may* be eligible to apply for the *same* credential in Illinois.

First—Complete the standard application that can be found at:

<http://www.idfpr.com/dpr/re/Forms/instrapp.pdf>

You do NOT have to complete the attached experience LOG.

Second—Remit the appropriate application fee to the address on the application.

You do NOT have to obtain or submit a Letter of Good Standing from your current jurisdiction.

Once we receive your completed application, **Licensing & Testing** will attach your ASC **National Registry** information to your application.

You do NOT have to take or pass an Illinois real estate appraisal EXAM!

If everything is in order, your application will be reviewed and approved.

Criminal convictions (*other than minor traffic violations*), professional license disciplines, delinquent student loans, delinquent tax liabilities, and delinquent child support payments may result in a delayed or denied application.
